

RUN # 5 OPP. UNMILHOSP

Bloody 'ell talk about rent a crowd here in Timor, the gathering cum out of nowhere to run this stumendous run. On On as they set off on the run to end all runs down towards the river we went after New Moose felt thoroughly proud of this run, being a virgin hare. Runners from all over the world and we're getting bigger. Down the road to the first cheque and it stumped them all. We went further into the countryside past burnt out shelters etc etc. The newbies kept up the pace with the two virginal harriers not really knowing what to expect. The sounds of on on kept cumming out, 'carrm on' said the yanks as the hill became apparent and off we went to a false trail, on up this hill. Bups became the first SCB in Timor about this time as everyone else headed off down through the burbs to a welcome circle
