NEXT WEEK'S RUN: DILI CLUB (Beach road past Lighthouse) DRIBBLER, RIGID, EPHIE

RUN NO. 63 REPORT – BABE, BUSHWACKER & PRETENDER'S SANTANA/MOTO KLARAN MISGUIDED MYSTERY TOUR

(The promptness of this report is the model for all Hares. It was in my email the Monday after the run!)

After some minor disagreement on East and Wests and what 200m really was, the pack gathered to sign on and gibber on with the normal expectant air of devoted Hashers (mumble, bitch; 'hope there are no hills', 'shoulda been here last week!' 'shit run I guess!') This brilliantly laid trail commenced at the skinny bridge approaches on the way to the Oasis Hotel. The runners and walkers set off together for the first 50 metres and then parted company with **BABE** accompanying the walkers and **BUSHWACKER** (as he was known at the time) and **PRETENDER** running. The ploy to get the runners' feet wet early succeeded even as **EJACULATION** overshot the turn into the canal. The false trail trapped the non-checkers as they plodded like sheep after hearing 'On 1 right'. Needless to say the majority did not learn for the rest of the day.

The trail then followed the foreshore to the Black Rock and the FRBs guessed the worst and headed for the ocean - this time it was a cunning ploy by the **Hares** as the trail followed the tide line around the rocks.

The trail skipped across the road to the utter confusion as **PRETENDER** followed a false trail to lure many trusting souls away - successfully I might add. "On Up" was heard and a little jaunt up a saddle between 2 'Yarmas' led to a Hold Check with **GM** and **SEXON** dragging up the tail.

The bleating of goats was evident everywhere, leading **GM** to ask what was **SCRUBBER** doing over in the bushes - one shouldn't ask probably. It was then 'On Around' and then 'On Down' with Hash Horn, **UPCHUCK**, bringing up the rear and being thankful it was a hand horn and not breath operated.

The false trail caught the usual suspects and the trail headed in and around Moto Klaren. Confusion reigned supreme for awhile as **PRETENDER** pretended he knew the trail but was guessing along with others. Pigs, dogs and a practice cock fights kept the pack entertained and **Sam Houston** wondered if he could get feathers ringed around his cock.

The locals also were mystified as usual at the strange religious group seeking followers on a Sunday.

At long last the HC with the walkers was reached and a rendition of 'Swing Low Sweet Chariot' was conducted at the bridge near the Hospital.

It was then On On for a little circuit of the village and then cut back to the main road to the river bed. Down the river bed to the bridge just past the Song HC saw the pack strung out like browns' cows.

PRETENDER took a couple of wheezing red faced newbies and oldies directly back via the canal whilst the pack was On On through an old POLRI area, past the local version of Wembley stadium and then into the canal for some serious shit running in the shitty canal.

A quick exit from the canal and then a short 'On Home' had everyone coming into the 'Hash House Home' virtually together. **HAIIDROLIK** was rabbiting out the front with the splattered and sweaty pack in hot pursuit and this should be watched in the future. Lets not forget the intrepid walkers, the mainstay of any H3. Yes, we were there also, admiring the beachfront and coffee shops of the eastern enclave of Dili. It is hard work but someone has to do it. To much surprise there was even the occasional On On from the front walkers, if there is such a breed!

The trail got tied up with the participants of the Peace and Reconciliation Meeting. However this distraction was not sufficient to prevent the walkers from crossing the canal and making their way to the first HC for a song with the running bastards.

The return route, not to be out done by the runners, included a scenic but stinky drain that 'most' enjoyed.

The **Hares** believe it was a model shit run and accepted the down downs as a reward for such an exemplary trail.

Look! It's easy. Just follow me!

CIRCLE CIRCUS

Another big turnout and another idyllic setting for the Circle. (Surprising how the big turnouts always seem to coincide with venues which are a long way from the big hills!)

WEE WILLIE was back in action as **GM**, having learnt his lesson after giving command to **DRIBBLER** the week before. This week he got off without one down down. Is he that perfect? I don't think so.

RUPIAH swept the down down honours and was hardly off his knees all afternoon, with no one else even a close second, though newly-named **EJACULATION** made a promising late charge.

Q. How many men does it take to open a beer? *"and only with your wife! It's very important you avoid any excitement"*

A. None. It should be opened by the time she brings it.

The doctor had examined old George's heart and summed up his advice. "No smoking, no drinking and no sex!"

After much protesting by George the doctor relented:

"Okay, one cigarette only after meals, and no more than two glasses of beer a day.

"What about sex?" asked George

"Very occasionally," said the doctor,

Q. Why is a Laundromat a really bad place to pick up a woman?

A. Because a woman who can't even afford a washing machine will probably never be able to support you.

A woman is lying in the road after being run over. The driver of the car that knocked her down comes to her aid. "Are you all right?" he asks. "You're just a blur," she says, "So my sight is clearly affected."

Concerned, the driver leans over the woman in order to test her eyesight. "How many fingers have I got up?" he asks her.

"Oh shit!" she replies, "I must be paralysed from the waist down as well."

Q. Why do women have smaller feet than men?

A. It's one of those "evolutionary things" that allows them to stand closer to the kitchen sink.

Why would you want to do anything else on a Sunday afternoon?
