## HASH TRASH

Runs 307-310 Omnibus edition (coz I'm lazy....)

And what a set of runs it has been. Memorable was the "Wrath of God" run at the Ocean View, where lightning illuminated the circle (seems like a lot of effort, but it must have been required), and the heavens opened to change the Comorro river from a mere malarial puddle and gravel industry to a raging torrent bank to bank with muddy water, and tree trunks.

Mouth of Comorro River – with Shamcock's trail marks on the post. On On???? Not this little duck....

Only 10 minutes after Cumilla was heard to say "It's been a quiet year for the river so far, barely a squirt down the banks".

Suspicious helicopter-types getting due punishment

Style, grace, and form, with a little nipple fondle as well..

Onan the Barbarian?

We wus struck by lightning once, and we're OK...

Back-door boy

Flash-Bang

Gleno – complete goons teach dancing

Who needs machinery when you can just stampeade?

Nice seat ↓

The Gleno walk - Gorillas in the Mist?

Hard yakka ↑

Minors at Blackout & Insider's place, including those still in the womb

←

← I reckon others can stand

↑ Do I really have to drink home brew?

↑ Bob on the saddle...

Cumilla and the Muffa with the Royals get the brush.

←

Put it down, you never know where it's been!

### Charges – Run 310
