

## *Run #18*

### **SCRUBBERS' OLYMPIC RUN (OASIS CAFÉ – DILI)**

The run was off to a good start when **SCRUBBER** broke out the Baseball Caps. It was good to see that the old fella had put some effort into the planning of being an effective 'Hare'. (or was he just sucking up to cater for the run that lay ahead)  
Another good turn out with about 35 hashers and 5 or so newbies. The run kicked off around the ocean road towards Dili and then veered left into the foothills of the Dili ranges. Prior to this **FELIZE JONES** took the lead pack on a detour after missing the first turn. No worries. He was back on track in no time as his local geographic knowledge assisted the group of 'followers' through a creek to meet up with the crowd. As we arrived at the bottom of the enormous mountain range hashers looked a little disheartened, but being the piss heads they are they climbed like true warriors knowing that the cold refreshments were not far away. Some members found an old hash track, which they followed to the top of the same hill that the main party arrived at. **SCRUBBER** must have fond memories of that hill to set another run on some of the same tracks. HARE FOR A SHIT RUN. The team then raced back down to the OASIS CAFÉ to welcome the Newbies with a few down downs and proceeded to drink on. A good effort from **SCRUBBER**, that is of course for the Baseball Caps. Cheers
