RUN NO. 67 REPORT – CUNNING LINGUIST & BROWNEYE'S

Last Sunday was a record turn-out for Dili Hash with a giant total of 50 true-blue Hash pisspots gathering at the usual time for on-ons and down-downs.

The run was not officially declared a shit run, but there were suggestions that it was shithouse; or even a soft cock run because it only lasted 40 minutes with a rise of only about 20 meters up a small hill. **BROWNEYE** and **CUNNING LINGUIST** were the hares for the run, but **CUNNING LINGUIST** got the runners and walkers off to a bad start by directing them to the wrong side of the soccer field for the start of the trail. (**CUNNING LINGUIST** claimed that he was still suffering from the after effects from a bad fart that a fellow cunning linguist let off in the interpreting booth of the Dili Court of Appeal - with the microphones on during a militia serious crimes trial! The judges suggested that future farts be properly addressed into the microphone during appropriate points during the trial, especially when defence counsel are asking stupid questions about how many vegetables the Team Alfa militiamen bought in the Los Palos market before they went off to torture people.)

Despite the false start, the run itself got off to a good start in a northerly direction from the soccer field situated near Don Bosco school and not far to the south of Comoro airport. **WEE WILLIE** and **SEXON** started very slowly as usual after having done too many warm up exercises at home before they left for the run.

EJACULATION was up front with his horn, as were the usual FRB's, but they were disappointed upon finding that the run had few bushes in which to frig off behind before the other runners had a chance to catch up with them. The horn was only momentarily silenced as the runners found themselves inside a fences compound with the trail clearly marked on the other side of the high fence. But, like all true hashers they didn't let a little thing like a high fence stand in their way and, with no more than a quick visual check, it was up and over and on their way. The first Hold Check was up a pissy little hill, not even as far

Wouldn't this make a great tourist poster for East Timor!

the big, white cross, but the **Choir Mistress** was in her usual top form with Father Abraham being sung by a bunch of 50 Hash House enthusiasts.

Walkers then cut across the valley through the burnt-out housing estate, while the runners went across the horseshoe-shaped indent in the hills. There were initial concerns expressed about the size of the hills in this point on Dili's far western outskirts. However, the runners mounted only one small hill toward a water tank before running down again to the second Hold Check. There were few locals to greet us as we ran, but there were a good number of goats to keep the New Zealanders happy!

Then there was a final dash northwards through the built-up area

For the On Home which took it's toll of one of our number who decided to check the hardness of the dirt (and stone) road with his legs and arms. Fortunately **DR TWO STROKE** was on hand to administer his first aid to get **HAI DROLIK** ready for his duties in the long and impressive Circle which followed and where a large amount of piss was consumed, as usual, and many more unsuspecting Newbies were introduced.

CIRCLE CIRCUS

Well we finally did it. We made the 50! Exactly 50 runners/walkers. Now we've got to start recruiting some Timorese Hashers. Or to be more precise, we've got to get the old ones back AND start recruiting more. Otherwise our numbers will soon start to drop as dramatically as they increased. But for the moment, it was a great site to behold.

With a Circle of this size we were anticipating a very late finish but the GM had other ideas and presented an abbreviated version of proceedings. Once again the very regular **EJACULATION** took the down down honours with Newbies **Amanda, Andrew** and **Dave** making very promising starts to their DH3 careers.

The gathering was honoured by the presence of no less personage that the GM of Darwin Hash, **PHYSIO**, who

presented our GM with an appropriate memento of his visit.

Another impressive line up of Newbies was followed by an even more impressive line up of Newbie (and Visitor) Sponsors.

The shortened Circle (almost) concluded with the **POTW** award which took almost as long to announce as the rest of the proceedings. **BROWNEYE**, doing the honours on behalf of **TINKERBELL**, led us on an elaborate false with a long tale of **EJACULATION**'s misdemeanours and then a final short-cut to nominate low-profile **RUPIAH**.

But **EJACULATION** still managed to have the final word with a graphic description, with mud map, of next week's run venue.

CHARGES FROM THE CIRCLE

- PHARTA** charged **EJACULATION** for overuse of the horn. **REVERSED**
- WEE WILLIE** charged **Randall** for having a birthday.
- HAI DROLIK** charged **WEE WILLIE** for electioneering with graffiti and bringing DH3 into disrepute

WEE WILLIE charged **HAI DROLIK** for sending out multiple email run venue notices.

PRESENTATION **PHYSIO**, visiting GM of Darwin Hash, presented our GM with a specially inscribed Darwin Stubby on behalf of his club.

NAMING **Phil** becomes **BIGHORN** for his outstanding attribute and for regularly advertising it on this T shirt.
Sam becomes **WHIP ME** for his reputation for what he can do in the back seat of a helicopter.
Dave becomes **SPERM BANK** for demonstrating his stamina in spite of working for the World Bank.

POTW **RUPIAH** for consistently maintaining a profile ALMOST low enough to avoid getting the **POTW** award.

Rome did not become a great empire by having meetings, they did it by killing all those who opposed them.

Carlos calls his boss in the morning: "Ey, boss I no come to work today. I really sick. I got headache, stomach

ache, legs hurt -- I no come to work." The boss says " Carlos, I really need you today. When I feel like this I go to my wife and tell her to give me a blowjob. Then I feel better and I can go to work. You should try it."

Two hours later Carlos calls. "Boss, I did what you said and I feel great, I'll be at work soon. By the way, you got nice house."

If at first you don't succeed, try management.

RAMBLINGS OF A VIRGIN HARE

A record turn-out on my first run! And this was despite the absence of such Hash favourites as **MUMBLES** and **RANDY** who were both believed to be enjoying the good life in Bali – **MUMBLES** with his wife and **RANDY** with we don't know who.

The large turn-out also took place despite the very small number of ladies attending. It has been suggested that most of them find the company of Portuguese soldiers on Saturday night and Sunday more interesting and exciting than joining a Hash run. How can this be? To date, not a single GNR has joined a Hash run (we wouldn't want to scare the locals), but Jordanian CivPol are most welcome!

Despite the lack of Portuguese, Jordanians and Ghurkhas, we did have a good international presence with guests coming from all over the world. **BROWNEYE**'s daughter, **TINKERBELL**, came all the way from New Zealand to join the Dili hash run. **PHYSIO** joined us from across the Timor Sea, but was dissatisfied with the rather dismal supply of beer – consisting of the usual supply of green, blue and red cans. He therefore presented Dili H3 with a large Darwin Stubby in the hope that those supplying the beer will lift their game in the future so that we can all enjoy sinking more Hash piss. Hashers are still concerned, however, about what became of the Darwin Stubby. Questions will be asked concerning this issue at the next hash run. We had the crew of Canadian pilots from Hash Air who were wearing specially printed T-shirts to mark the run. The concept of a Hash airline was well-received with prospects of future runs be held in Oecussi, Suai and Maliana and maybe even a quick dash across the border to Atambua with an armed escort of Kiwi PKF.
