### Run 330a - The Viagra Run

**Why run 330a?** Well, that's coz the accountants at the Ministry of Planning and Finance have gone over the books, examined satellite imagery, factored in global warming, the rotation of the earth and the average salami load on a Dili Club pizza to determine that we have overshot the mark! The official Run 330 will take place on 19 August.

**Time now to prepare yourself for the "Half-Devil" Run 333 on 9 September!**

**Why the Viagra Run?** Jeez, who decided to go up up and up? The Hares, that's who! The run started at Soupy's Kitchen, near the 2001, and in an effort to avoid the sea, the trail went to 1700 meters immediately. You can imagine the curses of the walkers as they passed bibis and pigs, all gasping for breath, and a rooster on its back, shagged out after a long squawk in low oxygen. After that, with an Acting GM (Daisy) & Acting RA (Mdflap), the punishment was severe...

Half the Mis-management team are charged

Up, up, and away. My god, I can see stars from up here...

Hashers gain valuable insight into the arts of mountain camouflage

Now who would pay \$200 for this pic along with a pack of viagra?

Shocked, or jealous?

Honiara Dick (renamed Dili Dick) – “It’s a fair cop guv. Actually, I reckon she is worth \$300. I think I’ll sit down now...”

Tight-Ass named! ↑

→ Eliminator on the case, adding the facts about Tight Ass & Mudflap.

Now we know who’s been causing all the trouble – Rock Chucker!

↑ Soupy becomes the Last Supper

In preparation for Run 333, Shamcock tatoos fellow Hashers with the special “333” mark on the forehead. He promises it won’t mess with the price scanners at Leader, and that they won’t cause disress to non-Hashers during business meetings.

You know you’ve been here too long when you descibe a puppy as “tender”

POTW – Mudflap, for all the obvious reasons

### UPCOMING HASHES

Advised in separate emails from the fearless trailmaster – Corruption,

Makes you talk shite, then fall over!

Reassuringly Twatted
