**WELL, IT'S PARTLY FICTIONAL COZ IT'S A SUNDAY
AFTERNOON AFTER A BEER, AND THERE ARE NO PHOTOS.**

After a few starting ales, the Beermaster (pictured left), decided to set the trail. Much to-ing and fro-ing, the choices were endless in his search for the perfect run. Then on the 7th day he did rest and say “who the hell will set the walk”?

As the circle did debate the subject of the walk, Butt-Sniffer was heard to say: “bugger this, I’m off to test-fire our latest vehicle”, and yea verily he went forth into the sea between Dili and Atauro whereupon he tested the limits of rental-car insurance.

Curiously enough, the vehicle sustained only a crack in the windscreen, whilst the circle decided Big Fossil would lead the walk. And the RA was happy, and there was peace in the land.

Hash cooking lessons.....

Teatime
love bite

A WOMAN almost bit off her husband's willy as he cooked pancakes for tea – while she gave him oral sex.

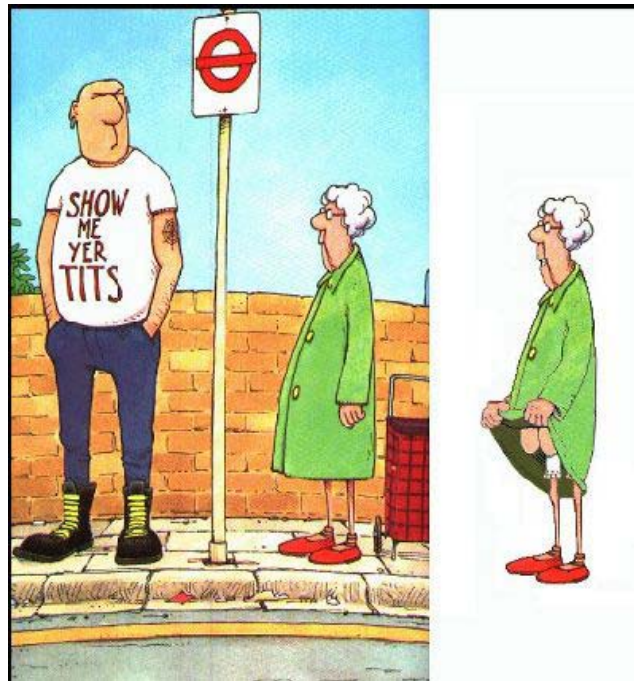

In the heat of passion he lost his grip on the pan and spilt boiling oil down her naked back.

She clenched her teeth on his willy and in agony he bashed her on the head with the pan.

Both only admitted how they received their injuries after “intense questioning” by hospital docs in Carioca, Romania.

The man needed treatment to his willy while the wife had burns, two black eyes and a broken cheek bone.

Has U.F.O. met her match in etiquette?

POTW

A closely contested race this week, but with Toerag taking the lead once his mobile phone rang whilst the indictment (something about working for a big multi-billion dollar company) was being read (phone sex!), the mood of the circle changed and his fate was sealed.

Toerag – You prick!

UPCOMING HASHES

Trailmaster needs to get his shite together & nominate some runs, and raise some hares:
